

SUMMIT UMBRELLA SERIES

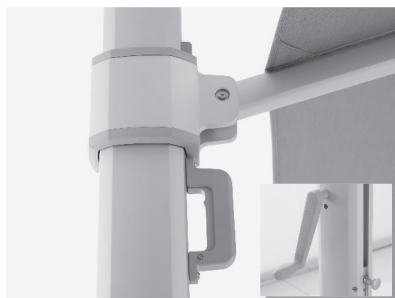

The premium luxury Sola Summit Cantilever Umbrella is designed for those who seek elegance, robust performance, effortless operation, and long-lasting outdoor protection. This heavy duty umbrella offers greater wind resistance, seamless opening and closing and 360-degree rotation, to ensure all day shade coverage.

SOLA BY SKYSPAN

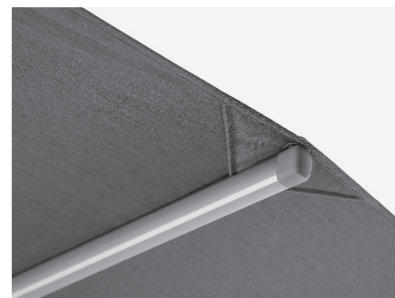

Sola Summit Features

Crank mechanism and handle provides seamless opening and closing. Fully adjustable shade coverage with multiple tilting and positioning options and 360-degree rotation system.

Sunbrella Cavas Series canopy provides long-lasting durability with a 5-year colour fastness guarantee. Along with superior 50+ UV protection to keep you safe from harmful rays, the canopy is water repellent.

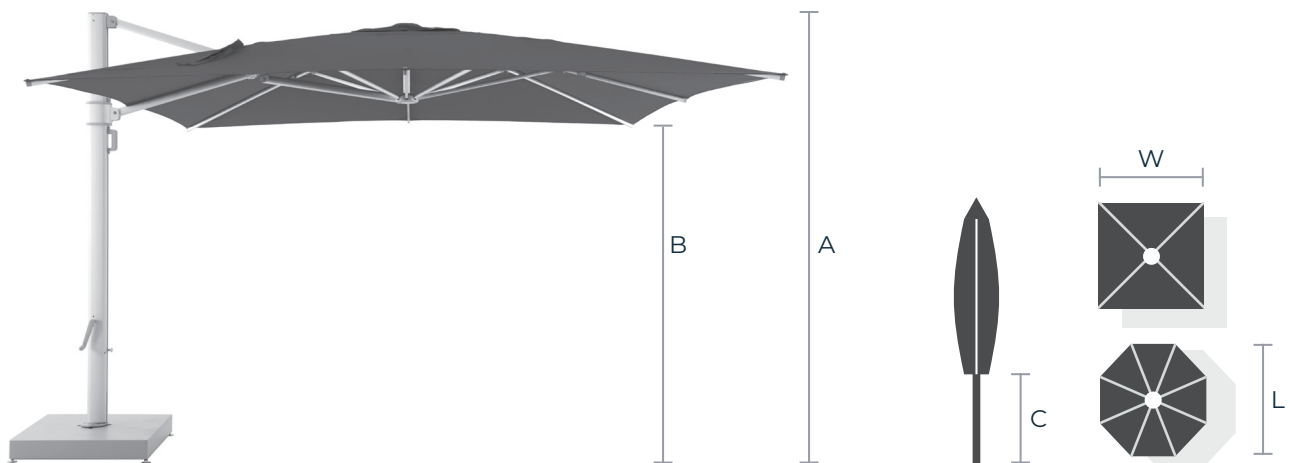

The matte-anodized aluminium frame is precision-engineered and 100% rust-resistant, paired with 304 stainless steel screws and rivets, delivering exceptional durability and stability in any environment.

Wind Resistance
up to 70km/h

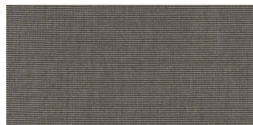

RECOMMENDED FOR: Luxury shade in windy locations, whether it is pool side, outdoor entertaining, or restaurant and cafés.
